

AI-POWERED DEVELOPMENT

# Codeweave — **AI-Powered** Project Development & Code Merging

Seamlessly create, structure, and deploy projects with AI assistance.  
Transform your development workflow with intelligent code  
generation.

[🚀 Get Started](#)[▶ See Live Demo](#)

[Input](#)[Output](#)[Generated Code](#)

### Describe Your Project

Enter a description of what you want to build, and our AI will generate a project structure.

Create an API client that can fetch data from a REST API, display it in a table, and allow filtering and pagination.
